

## So what are the BENEFITS?

### #1: Budget Your Propane Costs

Know what you will pay every month of the year.

### #2: Full Tanks - No Calls!

We monitor your fuel level and fill your tank as needed. You never have to call for fuel again!

### #3: Worry Free

Automatic payments with no surprise bills.

### #4: Known Costs

Since you know what you will pay, you don't have to save up to cover a high propane bill! So keep that extra cash this winter - it's all yours!

Our goal, since 1930, has been to provide our customers with the best products and the best customer service available at competitive prices.

With eight distribution locations and over 80 years delivery experience, we can serve all your energy needs.

G&B Energy, NC based and family owned since 1930.

## Stable Propane Pricing

## Monthly Billing. Fixed Rates.

## Life Just Got Better!

# Stable Propane Pricing.

## With Stable Propane Pricing...

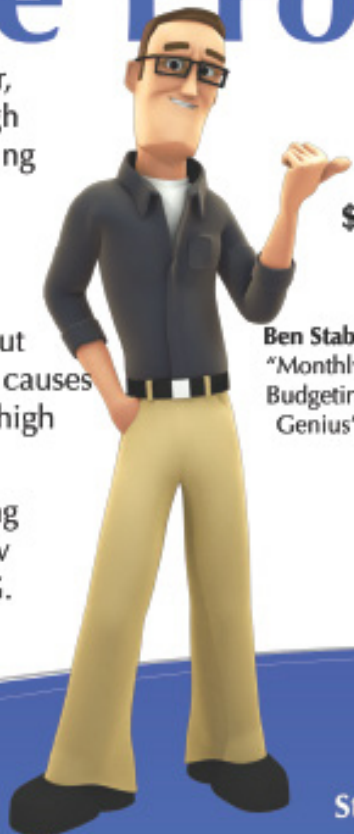

Winter brings cold weather, holidays, vacation, and high propane bills with fluctuating costs.

Until now.

You can keep all the good things that winter brings, but now you can change what causes you the most dread - your high propane bill.

With Stable Propane Pricing Program, you pay ONE low fixed rate ALL YEAR LONG.

No matter what winter weather you have.

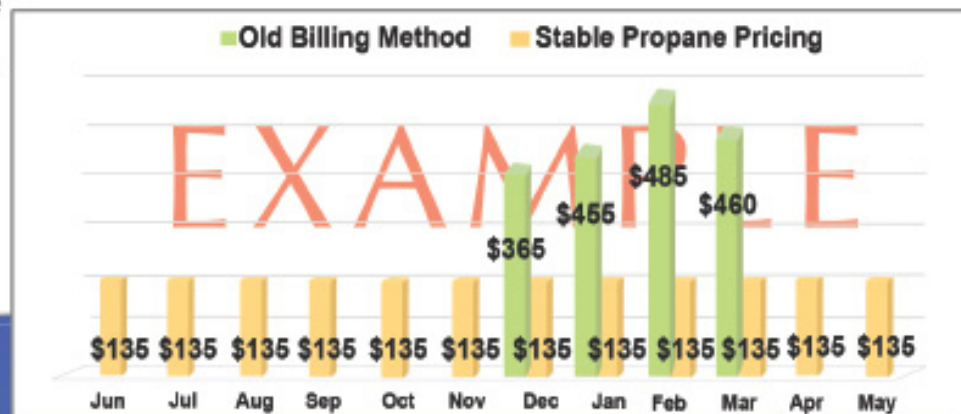

Ben Stable  
"Monthly  
Budgeting  
Genius"

Your bills last winter could have looked like this:

**\$135 in December, \$135 in January, \$135 in February and \$135 in March**  
(sample pricing)

The difference is **STABILITY!**

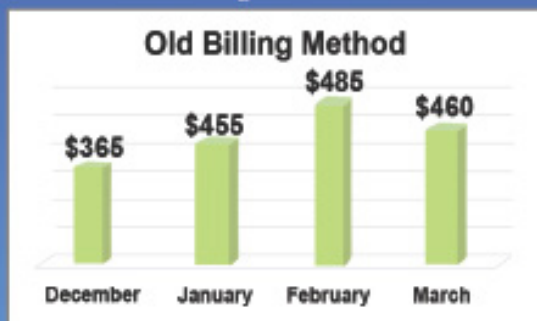

## For Example...

Last year Ben paid:

\$365 in December, \$455 in January, \$485 in February and \$460 in March.

Whew - glad that is over!

**Stable Propane Pricing** works because you pay the same amount every month all year long. So in July, you will pay \$135 and in February at 15 degrees, you will still only pay \$135. The 12th month of the program will balance your usage - which basically means if you use less than your normal amount, you get a credit on your account! Of course if you use more, you will be responsible for the difference.

Generally, you will pay less on this program than you do on the old billing because you do not have to worry about prices going up when you need propane the most. A small monthly program charge ensures that you will receive the same fixed price every month of the year! But, you **MUST LOCK IN YOUR RATE by June of each year!** Otherwise your cost could go up! After September, you have to wait until the next May to get in on this - so **Call Today to Set Your Monthly Payment!**

\*Different payment options available to fit your needs.
